Making Every Contact Count (MECC)

Making Every Contact Count (MECC) is an approach to behaviour change that uses day-to-day interactions that organisations and people have with other people to support them in making positive changes to their physical and mental health and wellbeing. mecclink.co.uk

The MECC Link includes videos to demonstrate how to have a MECC conversation, and a simple signposting tool which enables Healthy Living Pharmacies to embed and extend prevention and promotion of wellbeing and resilience into everyday practice, by providing:

- *Easily accessible information on key healthy lifestyle topics.*
- *Suggested open questions using the Ask, Assist, Act model.*
- *Information on a range of primary Self-care tools and resources.*
- *Signposting to recommended national and local support services.*
