Dear Colleague

Contract Extension

I am writing to you with regard to the Community Pharmacy Emergency Hormonal Contraception Sub Contract that you provide on behalf of Calderdale and Huddersfield Foundation Trust (CHFT).

The original contract with your pharmacy expired on the 31st March 2019. However, the contract included a provision for an extension of the contract to be made.

As commissioner of this service, this letter is to provide existing Community Pharmacies with formal notification that we wish to implement the extension option as detailed below:

- Schedule 2 — Extension of Contract Term: To exercise the option to extend the contract term until the 31st March 2020.

Changes to the Contract

We would like to make you aware of one variation to the contract with effect from 1st April 2019. The contract will no longer include the provision of send away Chlamydia screens as these can be delivered through the integrated sexual health service across Calderdale or via the postal test offer the service currently delivers.

I trust this is acceptable to you, and look forward to our continued collaboration in developing the future service, over the coming months. Thank you for your continued support.

If you require any further information then please do not hesitate to contact me

Gill.harries@cht.nhs.uk

Yours sincerely
