Dear **Name**

RE: COMMENCEMENT OF PHARMACY SUPERVISED CONSUMPTION SERVICE CONTRACT FROM 01 JULY 2023

As you are already aware, your contract with Leeds City Council for provision of the Pharmacy Supervised Consumption Service is due to expire on 30 June 2023. From 1 July 2023, Humankind Charity, who provide the Forward Leeds drug and alcohol service in Leeds, will assume commissioning and budget responsibility from the Council for the Pharmacy Supervised Consumption Service in Leeds and current arrangements with Leeds City Council will come to an end.

Humankind have been in discussion with Community Pharmacy West Yorkshire (CPWY) regarding the Supervised Consumption Service Level Agreements (SLAs) which are attached with this letter.

Payment for this service will continue to be co-ordinated through the PharmOutcomes platform.

In the meantime, please continue to claim Supervised Consumption payments through PharmOutcomes on the current service template for all supervisions with a prescription start date **before** 1st July 2023. Note the cut-off date for inputting these is 31 August 2023.

Following 1st July please be assured that payments will be processed during the transition period if the SLAs are not returned by 30th June 2023 but we would ask that the SLAs are returned as quickly as possible once you have received and reviewed them.

Please note that the Forward Leeds template will be on PharmOutcomes for the supervised consumption service in July 2023

Completed SLAs should be returned, via email, to contracts@humankindcharity.org.uk

Leeds is one of the best cities for drug and alcohol treatment in the country and we hope you will continue to provide continuity of care for the service and the patients accessing your pharmacies.

Should you have any queries or concerns regarding this please do not hesitate to contact.

Yours sincerely

Nicole Clark

Assistant Clinical Director
