

West Yorkshire Pharmacy Opening Hours — Christmas & New Year's Day Bank Holidays 2025/26

Pharmacy Opening Hours

Christmas Day Bank Holiday – 25/12/2025

Boxing Day Bank Holiday – 26/12/2025

New Year's Day Bank Holiday – 01/01/2026

Version number: **V2.0**

Date: 10/12/2025

Prepared by: NHS West Yorkshire Integrated Care Board (NHS WY ICB) - Primary Care Team

Whilst the information in this document was up to date at the point of publication, please be mindful that details may have changed since publication.

It is recommended that the NHS website www.nhs.uk is used to locate which community pharmacies are currently open as this will provide the most up-to-date information (Link: [FIND A PHARMACY - NHS.UK](#)). The search results can be filtered to show only pharmacies that are open at the time of the search. In addition, the search results are not limited to West Yorkshire boundaries so may return pharmacies not included in this document, providing additional choice.

Health and care professionals can access [NHS Service Finder](#) as a quick way to access accurate, real-time information to help signpost patients to pharmacies based on the services that they provide <https://digital.nhs.uk/services/nhs-service-finder>

1 Background

1.1 Bank Holidays

In England, community pharmacy contractors do not have to open on Christmas Day, Good Friday and Easter Sunday or a day which has been specifically designated as a 'bank holiday', unless directed to open by NHS WY ICB.

NHS WY ICB work with community pharmacy contractors to ensure that there is access to pharmacy services on all bank holidays, Christmas Day, Good Friday and Easter Sunday. This Pharmacy Opening Hours document provides information of the pharmacy opening on the Christmas and New Year's Day Bank Holidays 2025.

Whilst the information in this document was up to date at the point of publication, please be mindful that details may have since changed therefore it is recommended that the NHS website [FIND A PHARMACY - NHS.UK](https://www.nhs.uk) is used to check for specific pharmacy opening times (or [NHS Service Finder](https://www.nhs.uk) for health and care professionals)

1.2 Palliative Care Formulary Providers

To enable the prompt supply of specialist palliative care medicines, the demand for which may be urgent and/or unpredictable, several pharmacies within West Yorkshire are commissioned by NHS WY ICB to maintain a stock of specified palliative care drugs.

This service is commissioned to support patients access to palliative care drugs when their usual pharmacy does not have the items in stock or is not open.

Note that other pharmacies, (e.g. who are not commissioned to provide the Palliative Care Formulary Service), will also routinely stock many, if not all, of the drugs within the community pharmacy palliative care service formulary as part of their usual dispensary stock. Some pharmacies also will routinely hold palliative and end of life medicines under the national Pharmacy Quality Scheme.

Details of those pharmacies that provide the palliative care formulary service and have confirmed that they will be open this Bank Holiday can be found on this rota (listed under Palliative Care). The rota also includes details of those declaring they routinely hold palliative and end of life medicines under the national Pharmacy Quality Scheme (listed under End of Life Medicines).

Health and care professionals are encouraged to access NHS Service Finder, <https://digital.nhs.uk/services/nhs-service-finder> to locate a community pharmacy currently open who routinely holds palliative and end of life critical medicines.

- The term 'Pharmacy Palliative Care Medication Stockholder' should be used to search NHS Service Finder.

- NHS Service Finder search is not limited to West Yorkshire boundaries.
- An NHS Service Finder search will return a greater number of pharmacies than within this document as service finder lists pharmacies who routinely hold palliative and end of life medicines under the national Pharmacy Quality Scheme as well as those commissioned by WY ICB.
- NHS Service Finder results can be filtered to find which pharmacies are open now or at a specified time.
- Given the unpredictable and urgent nature of requests for palliative care drugs it is recommended that the pharmacy is called in advance to ensure that the required items are in stock and have not been exhausted by previous supplies made during the bank holiday period.
- Prescribers are reminded of the top tips for prescribers and procedure for obtaining urgently required information available here [Appendix-One-Revised-Formulary-information-sheet.pdf \(cpwy.org\)](#)

1.3 NHS Pharmacy First Service

The Pharmacy First service enables patients to directly access (walk-in) to a community pharmacy providing Pharmacy First to receive advice, and where appropriate treatment for the following conditions:

- Sinusitis (for those aged 12 years and over)
- Sore throat (for those aged 5 years and over)
- Earache (for those aged between 1 and 17 years old)
- Infected insect bite (for those aged 1 year and over)
- Impetigo (for those aged 1 year and over)
- Shingles (for those aged over 18 years old)
- Uncomplicated urinary tract infections (UTIs) (for women aged 16-64)

If patients are not within these age ranges, a pharmacist can still offer advice and support decisions about self-care treatment with over-the-counter medicines (note this is outside of the Pharmacy First Service).

Referrals (electronic) may be made into Pharmacy First by GPs, NHS111 and Urgent and Emergency Care settings.

Details of those pharmacies that provide the Pharmacy First service and have confirmed that they will be open this Bank Holiday can be found on this rota (listed under Pharmacy First).

1.4 Other Pharmacy Services

The NHS website enables users to find a pharmacy open providing the following services:

- [Find a pharmacy that offers free flu vaccination](#)
- [Find a pharmacy that offers free blood pressure checks](#)
- [Find a pharmacy that offers the contraceptive pill without a prescription](#)
- [Find a pharmacy that offers free COVID-19 rapid lateral flow tests](#)

These links include further details about each service, including which patients are eligible for the service.

Note that not all these services may be available during a Bank Holiday so the pharmacy must be contacted to check the service is available before arriving at the pharmacy.

1.5 Information for Community Pharmacy Contractors

A pharmacy must open to provide pharmaceutical services for its core contractual and supplementary hours each week. Where the pharmacy would ordinarily be open on a Bank Holiday (including Good Friday, Easter Sunday and Christmas Day) the hours that it would ordinarily be open will, on those days, be treated as having been open for the purpose of counting the core contractual hours that week.

Whilst contractors do not have to give formal notice of closures on these public and bank holidays, they must ensure that their NHS Profile Manager is accurate which will be reflected on the Directory of Services (DoS). If contractors want to reduce supplementary hours on other days, for example, to close early, notice of that intention should be given to NHS WY ICB at least 5 weeks in advance.

[NHS Profile Manager](#) must be updated accordingly to reflect accurate opening hours for both planned and unplanned temporary suspension of pharmaceutical services. This is to ensure that the information available to patients, via the [NHS website](#) and healthcare professional, via [NHS Service Finder](#) and Directory of Services is accurate and that patients are not directed to a closed pharmacy.

1.6 Direct to Open

Pharmacy contractors are encouraged to inform NHS WY ICB whether their premises will be open on Bank Holidays. This information is of critical importance to NHS WY ICB to enable planning and commissioning of pharmacy provision during holiday periods.

To secure adequate provision of pharmaceutical services, NHS WY ICB will continue to work with community pharmacy contractors to ensure there is access to pharmacy services on all bank holidays, Christmas Day, Good Friday and Easter Sunday. This may be through voluntary or commissioned Bank Holiday opening hours. NHS WY ICB may issue a direction requiring a pharmacy to open, but if doing so must ensure the pharmacy receives reasonable remuneration.
