

Blood Pressure Check & Awareness Events Holt Park PCN & Woodsley PCN

Last month, the CPWY team took part in four vibrant community events hosted by Holt Park PCN and Woodsley PCN, helping to shine a spotlight on the importance of regular blood pressure checks and the serious risks of leaving high blood pressure untreated.

At each event, members of the public were invited to have their blood pressure checked, with those needing further support signposted to their local community pharmacy for follow-up. Attendees also received helpful information about the Community Pharmacy Hypertension Case-Finding Service.

While blood pressure awareness was at the heart of these events, they also created a great opportunity to connect with the community, highlighting the Pharmacy First Service and reinforcing the message that local pharmacies are a convenient, trusted place for healthcare advice and support.

A big thank you to both PCNs for welcoming us and allowing CPWY to be part of these events.
